

Hyde Park Shade Tree Commission
4383 Albany Post Road
Hyde Park, NY 12538

Mission Statement: The Hyde Park Shade Tree Commission views our street trees as an important community resource to be preserved, protected, maintained and replaced in all areas of town. The Shade Tree Commission will serve as a primary resource for the Town on street tree issues, learning and encouraging sound environmental and cultural practices.

Ref: Street Tree Concerns

Dear Hyde Park Resident,

Periodically, residents have questions or concerns about street trees near their homes or work but don't know who to contact. In Hyde Park, the Shade Tree Commission works in an advisory capacity with the Highway Department to manage our street trees. The Highway Department has legal responsibility for street trees and handles the removal of trees that are dead or dangerous. The Shade Tree Commission helps deal with other resident concerns and deals with planting and management issues.

If you have an issue that you would like us to review, please fill out the attached form and return it to the Shade Tree Commission at the above address or at the Supervisor's office.

Thank you for working with the Shade Tree Commission. We will put your concern on the agenda to be reviewed at our next monthly meeting, unless it is of an emergency nature. If you have questions, please feel free to call Margi Delafield at 229-5630, or Walt Doyle, our Highway Superintendent at 229-9416.

Thank you.
