

Town of Hyde Park

Local Law No. _____ of 2019

A Local Law to enact certain amendments to Chapter 108, Zoning, of the Code of the Town of Hyde Park, to create a new zoning district entitled “Town Core” and revising the Zoning Chapter to rename “Town Center Historic District” to “Corridor Business” zoning district.

SECTION I. TITLE.

This local law shall be known as “A Local Law Enacting Certain Zoning Amendments to Chapter 108, Zoning, of the Code of the Town of Hyde Park to create the ‘Town Core’ zoning district and to rename the ‘Town Center Historic District’ to ‘Corridor Business’ zoning district.”

SECTION II. AUTHORITY.

This Local Law is enacted pursuant to the authority of Municipal Home Rule Law 10, the New York State Town law, and in accordance with Chapter 108, Article 34, Amendments. To the extent that the provisions of this Local Law are in conflict with Section 278 of the New York State Town law, the Town Board hereby asserts its intention to supersede Section 278 pursuant to Home Rule Law.

SECTION III. PURPOSE AND FINDINGS.

The purpose of these zoning amendments is to implement the goals and objectives expressed in the 2005 Town of Hyde Park Comprehensive Plan, as amended by the 2018 Planning & Engineering Report for the Redevelopment of the Town Center (“Town Center Report”), the 2013 Hyde Park Town Center Pedestrian Study, and a Supplemental Memo entitled “Town Center Vision”. It is a specific objective of the Town of Hyde Park, as set forth in the Town Center Report, to revitalize and redevelop the area generally surrounding the intersection of Pine Woods Road and Albany Post Road (Route 9) by creating the Town Core (“TC”) zoning district. The purpose of the Town Core zoning district is to acknowledge and preserve important and Town-valued historic building architecture, allow development in accordance with traditional neighborhood building patterns, and encourage attractive and compatible infill commercial and residential development with public amenities, which creates a destination and gathering place for town residents. The Town Core Design and Development Standards will guide new development. These Standards will allow buildings to be larger and yard setbacks to be smaller, and the intensity and density of uses will be consistent with traditional rural downtowns in the Hudson River Valley. The entire TC district will be united by consistent streetscape design and appropriate pedestrian connections. Because properties within the Town’s two historic cores have been removed from TCHD zoning district, the Town is further amending all references to the existing Town Center Historic District to the Corridor Business (“CB”) zoning district.

the existing national park/historical sites. To further diversify the economy of the Albany Post Road corridor, a mix of uses is encouraged.

(2) Existing character. The district includes those existing commercial areas that pose minimum physical and environmental constraints to development. The district encompasses existing concentrations of nonresidential uses as well as several important national historic sites.”

- 6. Purpose of District - Cores.** Amend Article 3: Establishment of Districts, Section 108-3.1.1.1 Land Use districts and purposes, to amend the name of subsection “J” as follows:

“J. Core Districts: Neighborhood Core, Hamlet Core, Crossroads Core and Town Core Districts (NC, HC, CC, TC)”

- 7. Bulk regulations - height.** Delete 108-4. Article 4: General Regulations, Section 108-4.4 Bulk regulations, existing subsection “A(3)”, and add a new subsection “A(3)” as follows, which includes an exception related to the new TC district:

“(3) Any structure visible from any point along the boundary of a designated place on the State or National Register of Historic Places and within 100 feet thereof shall be restricted to the following, except that these provisions shall not apply to the CC and TC zoning districts:”

- 8. Bulk regulations – front yards.** Amend 108-4. Article 4: General Regulations, Section 108-4.4 Bulk regulations, existing subsection “D”, by deleting subsection “(3)” and adding a new subsection “(3)” as follows:

“Any lot having frontage on two or more streets shall provide a front yard on each such street, except that the Planning Board, during site plan review, may waive this requirement for properties in the CC and TC zoning district, where the board determines that the waiver will accomplish the intended design objectives of this district. The area within any sight triangle area reserved under the provisions of § 108-4.5C(1)(d) may be included for the purposes of satisfying such yard requirement.”

- 9. Site development standards – pedestrian access and circulation.** Amend 108-4. Article 4: General Regulations, Section 108-4.5 Site development standards, by deleting the first sentence of 108-4.5(C)(3)(d) and replacing it with the following:

“In all Hamlet, Hamlet Core, Crossroads Core, Town Core, Landing, Neighborhood Core, East Park Business, Corridor Business and Neighborhood Business Districts, the development of any lot shall provide a walkway utilizing sidewalks or an equivalent acceptable to the Planning Board along the full frontage of said lot to connect adjacent lots and to enhance and provide definition to the street providing frontage for the lot.”

- 10. Site development standards –architectural features standards - roofs.** Amend 108-4. Article 4: General Regulations, Section 108-4.5 Site development standards, by deleting 108-4.5.G (1)(d)[1] and adding a new subsection [1] as follows:

“[1] Flat roofs are inconsistent with the traditional building character of the Town and are not permitted except when allowed by the approval of the Planning Board within the Town Core zoning district, in accordance with the Town Core Design and Development Standards.”

11. Site development standards –architectural features standards - height. Amend 108-4. Article 4: General Regulations, Section 108-4.5 Site development standards, by deleting 108-4.5.G (3)(b) and by adding a new subsection (b) as follows:

“(b)The height of any new building shall be within one full story of the existing buildings on adjacent lots, except that the Planning Board may allow an alternative building height within the CC and TC districts so as to be consistent with the design standards applicable to these districts.”

12. Historic overlay standards. Amend 108-4. Article 4: General Regulations, Section 108-4.6 Historic overlay standards, by deleting it and adding the following new sentence at the end of 108-4.6.B:

“Within the CC and TC zoning districts, the Planning Board may waive the open space requirements where it determines that said waiver is necessary to accomplish the goal and intent of the design guidelines set forth in 108-5.11.1, Crossroads Core District standards. ”

13. Drive-through facilities in CC District. Amend 108-5.11.1.D, Prohibited uses, by deleting subsection (7) and replacing same with the following:

“(7) Drive-through facility;”

14. TC Standards. Delete section 108-5.11.2, Town Center Historic District standards, and replace with the following new section:

“§108-5.11.2 Town Core (TC) District standards.

A. Objective. In order to implement the goals and objectives expressed in the 2005 Town of Hyde Park Comprehensive Plan, as amended by the 2018 Planning & Engineering Report for the Redevelopment of the Town Center, the 2013 Hyde Park Town Center Pedestrian Study, and a Supplemental Memo entitled “Town Center Vision”, the Hyde Park Town Board hereby creates a new Town Core zoning district to revitalize and redevelop the area generally surrounding the intersection of Pine Woods Road and Albany Post Road (Route 9). The Town Core zoning district acknowledges and preserves important and Town-valued historic building architecture, allows development in accordance with traditional neighborhood building patterns, and encourages attractive and compatible infill commercial and residential development with public amenities, which creates a destination and gathering place for town residents. The Town Core Design and Development Standards will guide new development. These Standards allow buildings to be larger and yard setbacks to be smaller, and the intensity and density of uses will be consistent with traditional rural downtowns in the Hudson River Valley. The entire TC district will be united by consistent streetscape design and appropriate pedestrian connections.

B. Design Standards. Development within the Town Core zoning district is hereby guided by the standards set forth in the Town Core Design and Development Standards, which is included as a separate Attachment to this Zoning Chapter. Unless set forth in this Section 108-5.11.2 , where there is an inconsistency between this Zoning Chapter and the Design and Development Standards, the latter shall prevail.

C. Prohibited uses.

- (1) In order to promote and create a pedestrian and mixed use, tourism-based environment, the following uses are specifically prohibited in the TC district:
 - (a) construction yard or building material supply yards;
 - (b) gas stations;
 - (c) automotive sales and automotive repair establishments;
 - (d) car wash;
 - (e) any outdoor storage, where said storage exceeds 1,200 square feet of the lot, or 1,200 square feet of the use to which it is accessory where there is more than one principal use or building on a lot;
 - (f) self-storage facility;
 - (g) drive-through facility; and
 - (h) adult uses;

D. Pre-existing buildings.

- (1) Any single-family detached dwelling in existence on the effective date of this Zoning Chapter and located in any subarea of the Town Core zoning district is deemed a permitted use and shall be allowed to continue. The dwelling shall adhere to the Town Core Design and Development Standards applicable to the single-family detached building type.
- (2) Any building in existence on the effective date of this Zoning Chapter that becomes a nonconforming structure may apply for relief in accordance with the provisions set forth in Section 108-6.4 of this Zoning Chapter.

E. Site plan requirements. In addition to the submission requirements set forth in Section 108-9.4 of this Zoning Chapter, the following additional information shall be submitted to the Planning Board, and the Planning Board has authority to approve same in conjunction with site plan approval:

- (1) Master plan for future development. A property may not be able to achieve full build-out until such time that central sewer is made available. The Planning Board may require an applicant to prepare a conceptual master plan for the entire parcel whenever an application to subdivide or develop only a portion of a larger parcel is submitted. The development of a master plan is intended to ensure that partial development or subdivision of a parcel will not preclude future development consistent with the purposes of the TC zoning district. Any master plan shall be developed at a sufficient level of detail to enable the Planning Board to determine that the present land use application will not impede future development in accordance with the Town Core Design and Development Standards.

- (2) Building elevations and floor plans. Building elevations which express the architectural design of any new building or building alteration shall be submitted to the board, along with information regarding the materials to be used in building construction. Floor plans shall be submitted to document the number of dwelling units, dwelling unit size, bedroom mix, or gross floor area of nonresidential space that is proposed. This submission is in addition to any renderings required by the Town Core Design and Development Standards.

F. Building waiver permit.

- (1) Any Applicant that proposes to construct a development with a building type(s) that does not comply with a building type set forth in the Town Core Design and Development Standards may apply for a Building Type Waiver Permit based on the following circumstances:
 - (a) The waiver is required due to unavailability of sewer, water, or other infrastructure which does not allow for the density or intensity of development specified for the applicable building type and subarea.
 - (b) The specific use is a civic or institutional use which if allowed, is consistent with the intended uses of the Town Core zoning district and requires a unique building form not included among those herein shown.
- (2) The Planning Board, in its discretion, may approve a Building Type Permit Waiver only where it finds the waiver meets the standards set forth below. The Building Type Waiver permit shall be granted only after a public hearing is held in accordance with the procedures and public notification set forth in Section 108-8.3 of this Zoning Chapter. A decision on the Building Type Waiver Permit may be made concurrently with any site, special use permit or subdivision plan decision. The Planning Board, in its discretion, may approve the permit where it finds the following:
 - (a) The building type shall be consistent with the Purposes set forth in Section 103 of the Town Core Design and Development Standards to the maximum extent practicable;
 - (b) The waiver shall not have a detrimental impact on adjoining residential uses or the community character of same;
 - (c) The waiver is being approved to allow for the appropriate development of the Town Core zoning district consistent with the Town Core Design and Development Standards;
 - (d) The waiver will not have a detrimental impact or impede the development of the remainder of the Town Core zoning district.
- (3) Where a Building Type Waiver Permit is granted, the land use application shall comply with the Corridor Business zoning district bulk standards set forth within 108 Attachment 2, Schedule of Bulk Regulations, of this Zoning Chapter. The Planning Board, in its discretion, can condition its approval on adherence to other applicable requirements set forth in the Town Core Design and Development Standards.

15. Town Center Historic District Standards. Renumber Section §108-5.11.2 Town Center Historic District standards to read:

“§108-5.11.3 Corridor Business District standards”

16. Schedule of Use Regulations. 108 Attachment 1, Schedule of Use Regulations, is amended to rename the “Town Center Historic District” to the “Corridor Business District”, add a new column of uses for the new Town Core District, TC, and clarify the uses that are allowed within the overlay zoning districts as follows:

18. Zoning District Map revision. Section 108-3.2, Zoning Map, shall be revised as shown on the attached to create and show the boundaries of the TC zoning district.

19. Zoning District Map revision. The map legend listing the zoning districts at Section 108-3.2, Zoning Map, shall be revised to delete “TCHD, Town Center Historic District”, and replace it with the following: “CB, Corridor Business”

SECTION V. SEVERABILITY.

If any word, phrase, sentence, part, section, subsection, or other portion of this Law or any application thereof to any person or circumstance is declared void, unconstitutional, or invalid for any reason, then such word, phrase, sentence, part, section, subsection or other portion, or the proscribed Application thereof, shall be severable, and the remaining provisions of this Law, and all applications thereof, not having been declared void, unconstitutional or invalid, shall remain in full force and effect.

SECTION VI. CONFLICT WITH OTHER LAWS.

Where this Law differs or conflicts with other Laws, rules and regulations, unless the right to do so is pre-empted or prohibited by the County, State or federal government, the more restrictive or protective of the Town and the public shall apply.

SECTION VII. EFFECTIVE DATE.

This Law shall become effective upon filing with the New York State Secretary of State.

SECTION VIII. AUTHORITY

This Local Law is enacted pursuant to the Municipal Home Rule Law. This Local law shall supersede the provisions of the Town Law to the extent it is inconsistent with same, and the extent permitted by the New York State Constitution, the Municipal Home Rule Law, or any other applicable statute.

Schedule of Bulk Regulations

NOTES:

Refer to § 108-4.4 for further detail.

Scale. Scale limits the gross square feet of a proposed use or structure. Scale limits do not apply to one- and two-family residential use, animal husbandry, or agriculture use. The density limits noted herein shall include accessory apartments. The coverage limits noted herein shall be the maximum for all uses permitted on one lot.

Yard requirements: Such minimums shall be parallel to the applicable lot line for the full length thereof.

Landing: Any lot fronting on the Hudson River shall be permitted to construct water-dependent structures into the river, provided that U.S. Army Corps of Engineers approvals are obtained.

¹ On a corner lot, there shall be provided a side yard on the side street equal in depth to the required front yard in said district.

² Accessory structures, other than fences or walls, with a maximum height of 15 feet may be placed on a lot, provided the setback is no less than the setback required for any building for the front yard and no less than one-half the setback required for any building for the rear and side yards with a minimum setback of five feet. This does not apply to an accessory structure that contains a dwelling unit. An accessory structure that contains a dwelling unit must comply with the bulk requirements for the principal structure.

³ In the Greenbelt and Waterfront Districts, when calculating the density of acreage for a given parcel, all Federal Army Corps of Engineers and NYS DEC regulated wetlands proper as well as lands within the one-hundred-year flood hazard area shall be excluded from the total parcel acreage calculation. Where the resulting residual acreage is equal to or less than 10.0 acres, minimum average density shall be calculated on the basis of 2.0 A/DU for this residual acreage. Where the resulting residual acreage is more than 10.0 acres, the minimum average density shall be calculated on the basis of 2.5 A/DU for this residual acreage.

⁴ Townhouse. A zero-foot side yard setback is permitted for the side yard bordered by another attached dwelling unit.

⁵ Front yard in the CC zoning district. The front and side yards may be reduced to 0 feet, subject to the CC standards.

⁶ For solar farms approved pursuant to § 130-8 of the Town Code, the maximum impervious coverage shall be 25% instead of 15% as listed in the schedule.

⁷ The bulk regulations for the TC zoning district are set forth in the Town Core Design and Development Standards. Where a Building Type Waiver Permit has been approved by the Planning Board, the bulk regulations set forth for the Corridor Business District, as set forth in this Attachment 2, Schedule of Bulk Regulations, shall apply.
